STACKPOLE

Is Improving Nicely from An-
thorax and Asks for eDtails
of Baseball Series.

NEW YORK, Oct. 13.—George F.
Stackpole, the 71-year-old lawyer,
who has made a remarkable fight
against an attack of anthrax during
the last six days, was today reported
by his physicians as showing continued
improvement. Mr. Stackpole is
not entirely out of danger, however,
for the considerable amount of poison
in his system has greatly weakened
his heart action and stimulants have
been necessary for the last forty-eight
hours.

When Mr. Stackpole awoke this
morning he immediately asked for the
details of the world's series baseball
games and then remarked that he
"had not made a home run yet."

FOUR MEN

Whose Names Are Withheld
Are Now Strongly Suspect-
ed of Train Hold-Up.

While new rumors and unusual in-
cidents are constantly diverting the at-
tention and efforts of postoffice in-
spectors and other secret service men
in their quest for those who robbed
the mail car of a fast train near Cen-
tral Station several days ago, after
holding up the train, the process of
elimination has arrived to the point
where the government has a very
good idea as to the identity of the
robbers. This idea is limited to four
men, two of whom are safe blowers
and the other two postoffice robbers.
They are not men of the immediate
neighborhood of the hold-up, but are
from one or two of the large cities
of the country. While the four men
are strongly suspected, there has not
been found a scintilla of evidence as
yet with which to confront them, if
arrested. No steps are being left un-
taken to run down the robbers and
the authorities are hopeful of ultimate
success.

BEST SERMON

**Yet is Preached by the Evan-
gelist at the Revival at the
Trinity Church.**

The revival at the colored Trinity
Methodist Episcopal church is still in
progress. The audience last night
listened to the best sermon ever
preached by the evangelist, the Rev.
Dr. Withrow. There were many who
expressed a desire to be saved. To-
morrow evening the district superin-
tendent, the Rev. R. W. S. Thomas,
will be present and that will add much
to the evening's service. The revival
will continue until Sunday evening
and perhaps longer if the attendance
warrants it.

**Again Ties Up Traffic in Wilkes
Barre and Other Towns
in Pennsylvania.**

WILKES BARRE, Pa., Oct. 14.—A
street car strike has again tied up
traffic in this city and adjoining
towns for the second time within
six months. Employees of the Wilkes
Barre Railway Company by a vote
of 200 to 63 at a meeting early to-
day decided to go out on an imme-
diate strike because of the unsettled
condition of the wage dispute be-
tween their executive committee and
officials of the company.

Dope

**Passes from Lip to Lip by
Kissing in Prison, Says
the Warden.**

SEATTLE, Wash., Oct. 13.—County
Prison Superintendent Hally has put
an official ban on the kissing of wom-
en prisoners by visitors.
A few months ago he gave notice
that no more kissing would be al-
lowed in the visitors' lobby of the
men's section, following the discovery
that "dope" in various forms was
being transferred to prisoners by the
lip-to-lip route. A similar discovery
he says, was made in the women's
ward.

CHARTER ISSUED.

CHARLESTON, Oct. 14.—The
secretary of state has issued a char-
ter to the Balkan Coal Company, of
Clarksburg, W. Va., capital \$50,000.
Incorporators, J. Edgar Long, G. B.
Johnson, B. H. Monroe, Fred Rad-
ford, M. Stuart, Clarksburg.

There is more Catarrh in this section of the
country than all other diseases put together, and
until the last few years was supposed to be
incurable. For a great many years doctors
promoted it as a local disease and prescribed local
remedies, and by constantly failing to cure with
local treatment, pronounced it incurable. Science
has proved Catarrh to be a constitutional disease
and therefore requires constitutional treatment.
Hall's Catarrh Cure, manufactured by F. J. Cheney
& Co., Toledo, Ohio, is the only Catarrh
cure on the market. It is taken internally
in doses from 10 drops to a teaspoonful. It acts
directly on the blood and mucous surfaces of
the system. They offer one hundred dollars for
any case it fails to cure. Send for circular and
testimonials.

RIVAL PARADES

**Show the "Drys" in Ohio Coun-
ty to Be about as Scarce
as Hen's Teeth.**

WHEELING, Oct. 14.—Two rival
parades featured the closing night of
the Prohibition Law Enforcement
convention in this city last night. By
actual count 172 persons headed by
a single band lined up in the probi-
tionist parade, while in the "wet"
procession, 2,842, by actual count
marched on foot, followed by two
hundred automobiles. It took the
"wet" parade forty-two minutes to
pass a given point. Fourteen bands
were scattered along the line of
march and the sidewalks were densely
thronged with crowds that applauded
the marchers.
The parade was arranged as a pro-
test against the Law Enforcement
convention and to show the sentiment
of Ohio county toward prohibition.
Every man in line carried an open
umbrella. There was no disorder of
any kind, the bands ceasing to play as
they passed the convention hall.

MARTIAL LAW.

THE HAGUE, Oct. 14.—Martial
law in a specified and partial form
was proclaimed here today. The
proclamation affects the various
trades which furnish supplies for
the army.

DR. BENSON, MODERATOR.

CHARLESTON, Oct. 14.—The Rev.

ginia Synod of the Southern Presby-
terian church in progress here. J. M.

W. Carpenter and C. L. Stulting tem-
porary clerks.

Chronic Constipation.
"About two years ago when I began
using Chamberlain's Tablets I had
been suffering for some time with
stomach trouble and chronic constipa-
tion. My condition improved rapidly
through the use of these tablets. Since
taking four or five bottles of them my
health has been fine." writes John
Newton, Irving, N. Y. Obtainable

**Surgeon General Rupert Blue,
of the U. S. Public Health
Service, Says:**

**"I WANT TO WARN YOU AGAINST THE CRAZE
PEOPLE IN THIS COUNTRY HAVE FOR WHITE
FLOUR. THE WHITEST FLOUR IS NOT THE BEST;
IT IS NOT THE PUREST; IT IS ONLY THE DEAR-
EST, AND WHEN YOU BUY IT YOU BUY LOOKS
AND NOT NOURISHMENT. IN ORDER TO MAKE
IT WHITE, SOME OF THE MOST NOURISHING
AND ESSENTIAL COMPONENTS OF THE NATUR-
AL WHEAT HAVE BEEN TAKEN AWAY."**

These "nourishing and essential components" are the priceless mineral phosphates of the grain, known as the "tissue salts" indispensable for perfect health of body, brain and nerves.

Everywhere food scientists and physicians are sounding a like note of warning, for a host of
ills is following the pernicious practice of casting out these elements in the milling process, and
that, simply to make the flour look white and pretty. Neurasthenia, anemia, Bright's disease,
constipation, rickets, and a lowered resistance against disease in general, are some of these ills.

More and more thinking people are waking up to this evil. There's a way out.

ponents"—the mineral elements. This splendid food was devised years ago to supply this very
lack in ordinary food and fortify the system against the onslaughts of disease. It does it wonder-
fully well.

Grape-Nuts comes ready to eat, convenient, economical and nourishing, and has become a
household word in thousands of homes for its sterling food values and delicious flavor.
